Junior Beef Calf Clubs Have Enjoyable Field Day May 26

A very successful Beef Calf Field Day was held at the Yellowfords farm ten miles west of Acme on Saturday, May 26. Eight clubs were represented and over 100 boys and girls (club members) judged three classes of excellent Fubred Short-horns.

Plenic lunch was enjoyed by the crowd of 250 on the spacious lawns. The hosts provided coffee and ice cream.

Hugh McPhail acted as chairman and introduced the Yellowfords family, and John welcomed the crowd. The following club leaders were introduced: Jim Hughes, Didsbury; Sandy Brander, Jutland; Ken Wor-

thington, Bergen; W. Baxter, Crossfield; Alice Turner, Carstairs; L. S. Fisher, Olds.

W. D. MacDonald spoke briefly and Mr. H. Hammell, M.L.A., said a few words and donated a trophy for the best judge in the six clubs mentioned above.

The Junior Club members then judged the classes which were placed by W.D. MacDonald, assisted by W. D. Macdonald, then Hector MacDonald, Crossfield, explained the placing of two classes. Donald Robertson and Duncan MacDonald gave a demonstration of washing and curdling, while John Yellowfords gave a demonstration of showmanship.

The winner of the judging will be presented with a trophy at the Calf Club Fair at Carstairs on June 6th.

The following were the highest scoring members in the different classes from the district supervised by Mr. Hugh McPhail:

Howard Robertson, Gordon Robertson, Viola McNaughton, of West Didsbury; Vernie Peterson, Kelli Viney and Helen Fisher, of Olds;

Jim Dundas, Gladys Shells and Lois Shells of Jutland; John Fulton, Louis Turner, Leonard Turner and George Swanby, of Carstairs.

Bergen had 100 per cent of its members present, as well as being well represented with adults. Jutland's only missing member was in the hospital. The other clubs didn't do quite so well, but on the whole the attendance was very satisfactory and those present had a successful day.

South West Didsbury

Mr. and Mrs. J. B. Hipkin and Patsy spent the past week in Edmonton visiting relatives.

Rev. and Mrs. S. R. Sherman and children were attending a convention at the E.U.B. church for several days. Mr. Sherman and children remained to visit relatives while Rev. Sherman went to Winnipeg to attend Conference.

Mr. and Mrs. H. W. Polkman and family were Sunday dinner guests of Mrs. George Meyer.

Mr. and Mrs. M. Dippel and Carole were Sunday dinner guests of Mr. and Mrs. J. B. Hipkin.

Mr. and Mrs. Carl Meyer and family were Sunday dinner guests of Mr. and Mrs. E. A. Bartz.

Mrs. Ella White of Chilliwack was a Monday dinner guest of Mr. and Mrs. M. Dippel.

Mrs. J. L. Tuggle was a delegate to a W.M.S. convention at Regina and returned the first of the week.

Mr. and Mrs. Reginald Galvinson called on Mr. and Mrs. M. Dippel Monday evening.

Mr. Gray Cressman of Calgary was a Monday visitor with Mr. and Mrs. L. Hunsperger.

Mr. and Mrs. Carl Meyer were Wednesday dinner guests of Mr. and Mrs. Ralph Moritz of Olds.

Mr. and Mrs. Carl Meyer were Calgary visitors Monday.

Mr. and Mrs. M. Dippel and Carole were Sunday dinner guests of Mr. and Mrs. J. B. Hipkin and family.

PAID SIGNAL HONOR

STAN LEONARD, Vancouver, winner last year of the Canadian Professional Golfers Association title, who has been invited to play in the U.S.P.G.A. Match Play Championship at Oakmont, Pittsburgh, June 27 to July 3 inclusive. It is the first time that a Canadian has been extended such an honor.

Earthquake Leaves City in Ruins

This street scene in Jurupa, El Salvador, shows the demolished buildings was typical of the entire city which was almost totally destroyed by earthquakes that rocked the southeastern part of the country. At least 1,000 persons are known dead and thousands more injured and left homeless in the disaster.

Geo. McDonald Breaks 24 Targets Out of 25

George McDonald equalled the top score ever to be made by a member of the Didsbury Gun Club, when he broke 24 out of the 25 clays shot at the regular trap event on Friday night. George missed his 15th target to equal the score made by W. Weige of Didsbury on August 10, 1938.

Other scores were: Bill Bantler 20, Ed Rouleau 19, Alf Studer 14, Bert Prevost 9, Roy Prevost 6, Ford Maillet 3.

An unfortunate accident occurred when the angle trip on the trap slipped and caught David Rouleau above the lip, necessitating several stitches. He was operating the trap at the time of the accident.

It was decided to hold the regular trap shoots every two weeks instead of weekly and the next shoot will take place on Friday, June 15, at 7:00 p.m. sharp.

STORES TO CLOSE 9 P.M. ON SATURDAY EVENING

At the Town Council meeting held Monday evening, June 4, a by-law whereby all business places in Didsbury will close each Saturday evening at 9:00 p.m. was passed.

This by-law comes into effect on Saturday, June 9.

Restaurants and confectionery stores are not included in the by-law, business places affected by the by-law.

ROSEBUD FLOUR MILL SOLD TO SUNNYSIDE LIMITED

M. Weber reported this week that he had sold the Rosebud Flour Mill to Sunnyside Ltd., a company operated by Byers Flour Mills Ltd. of Camrose, Alberta.

We understand the deal included the rights to manufacture the now famous Rosebud Pancake Flour which was manufactured at Didsbury for many years.

REGULAR MEETING OF AFTERNOON GROUP W.A.

The regular meeting of the Afternoon Group of the W.A. of Knox Church will be held at the home of Mrs. E. Kercher on Wednesday, June 6, at 2:15 p.m. Mrs. Ed Klinek who was delegate for the southern part of the Red Deer Presbytery at the first provincial meeting held at Red Deer, will be present and give a report on this conference.

CREMONA W.I.

Mrs. Kenneth Bergeson was hostess to the Cremona Women's Institute members at the May meeting. Twelve members and two visitors were present, and Mrs. Robertson, district convener, was present to address the meeting.

A total of \$827, proceeds from the Cancer Fund Drive, was sent to the head office. More will be turned in later.

Mrs. Bill Disney was the delegate to the Women's Institute Convention held recently in Edmonton.

Plans were made for a shower for Mrs. A. Tideman, the former Jean Schultz.

Mrs. Pauline Ried read a paper on Education, and the traffic was won by Mrs. Jim White.

Field Day At McCalla Farm on June 22nd

A Dairy Field Day will be held at the G. McCalla farm, adjacent to the cheese factory at Neepawa, ten miles east and one mile south of Didsbury, at 1:30 p.m. on Friday, June 22.

Alberta Dairywomen's Association, in co-operation with the Provincial Department of Agriculture, has arranged for the following program:

The Dairy Commissioner, Mr. D. H. McCallum's subject will be "The Present Dairy Situation and Outlook."

Mr. J. E. Birdsall, Supervisor of Crop Improvement Service, Field Crops Branch, Alberta Department of Agriculture, will conduct a "Discussion on Hay and Pasture."

Mr. R. P. Dixon, Supervisor of Live Stock Improvement, Alberta Department of Agriculture, will take as his subject: "Livestock Judging—Demonstration and Competition."

Dr. E. Ballantyne of the Government Veterinary Branch, will conduct a "Discussion on Cattle Diseases."

There will also be a milking machine clinic demonstration on approved machine milking and care and cleaning of dairy utensils.

There will be a cattle judging competition, with cash prizes, and other events.

Game Ass'n Picnic At Hatchery July 29

Ken McCoy, Irwin Klein, George McDonald, Ed Ford and Ed Rouleau attended a meeting of the Alberta Game Ass'n at the home of Mrs. J. B. Hipkin on Wednesday evening, May 31, when representatives from Innisfail, Olds, Didsbury and Carstairs were present to discuss plans for the 1951 picnic.

This year the Associations of Carstairs, Crossfield and Bowden have been invited to join the picnic association.

Bob Duncan of Olds was elected president of the Association, and Hugo Rosenburger, also of Olds, was elected secretary.

It was decided to hold the picnic this year at the Raven Hatchery on July 29th, and plans were made for an increased sports program.

A report on the 1950 picnic was given by Norman Jensen of Innisfail and showed a financial loss of approximately \$130.

BURNSIDE NOTES

Payne-Freeman Company of Didsbury held a demonstration of the new Oliver Diesel tractor at the Ivor Weber farm last week.

Mr. and Mrs. Gus Bittner visited in the district on Friday.

Congratulations to the newlyweds, Mr. and Mrs. Raymond Schumaker, who were married in Calgary on Friday. The Schumaker family motored to Calgary for the occasion.

Russell Persinger has taken a job for the summer with the Shannon road grading crew at Drumheller.

The seismograph crews are again in the district and it is rumored that a well has been staked in this district.

SHOWER FOR MRS. ART TIDEMAN AT CREMONA

A recent bride, Mrs. Art Tideman, was seated under pink and white bells and streamers when the Cremona Women's Institute held a miscellaneous shower for her May 30th. The affair was held in the Ladies' Club.

The bride was assisted in unwrapping her gifts by Mrs. Stanley Schultz and Mrs. Max Turnbull.

During the program Mrs. Norman Eby sang "Jeanie With the Light Brown Hair" and Mrs. Bill Disney gave a reading.

Bill Gillie and John Fokmann are busy taking the census in this area. Farmers are requested to fill in the forms sent to them and have these ready when the census taker calls. This will save time for all concerned.

WEST NOTES

Mrs. R. McNaughton, Mrs. A. L. Hogg and Mrs. L. Krebs were among those attending the W.I. Conference in Edmonton the week of May 20. Three hundred and ninety-six sat down to the banquet at the University on Wednesday, May 23. District 3 was divided into two, the new director for the south half being Mrs. Mundy of Kneehill Valley.

Mrs. Valeta Mayton is visiting with her parents for a couple of weeks.

Mrs. O. Thompson has her mother, Mrs. Buck, who spent the winter in California, visiting with her at present.

Mr. Colin Hogg of Calgary and Mr. Norman Hogg of Burnaby, B.C. visited at their home here over the weekend, and Mrs. Colin Hogg, who had been visiting for the past two weeks, returned to Calgary with them Sunday evening.

Mr. and Mrs. J. Rogerson, who returned from California, visited with Mr. and Mrs. H. Hogg on Saturday, May 26.

Mr. and Mrs. Wasneck of Calgary spent the weekend with Mr. and Mrs. Gordon Befus.

The Elton Willing Workers will hold a tea at the home of Mrs. J. Bagshaw-Friday, June 15. This will take the place of the regular meeting usually held the second Wednesday of the month.

We are pleased to hear that Mrs. A. L. McInnes, who was recently a patient in the Didsbury hospital, is able to be up and around again.

The May meeting of the Rugby W.A. was held at the home of Mrs. McMillan on Wednesday, May 23. It was decided to hold a tea and sale of work on June 20th at the home of Mrs. A. Vipond. Everyone welcome.

The rainy weather over the weekend postponed most of the ball games and we'd like to see some of them now.

As a rule a man's a fool, When it's hot he wants it cool; When it's cool he wants it hot, Always wanting what is not.

Boys Desiroy Many Crows and Magpies

Mr. E. B. Grange, who is conducting the crow and magpie campaign for the Didsbury Fish and Game Association, reported this week that the boys have worked hard during the past two weeks and several thousand pairs of feet have been castled in.

Leslie Goetjen leads in the campaign so far with 509 pairs of crow and magpie feet; Melvin Dick has 338; Vern Neufeld 265; John Smallwood 120.

Harvey Korschul 99. Many other boys and girls have turned in feet but have not yet reached the 100 pair mark.

The campaign officially ends on June 30th, and while there may be an extension due to the late spring and wet weather, boys and girls are urged to get as many crow and magpie feet as possible during the next three weeks. Besides the five cents per pair being paid for crow and magpie feet, The Association is offering three good prizes, and D. N. and Son have donated a grand prize to top off the prize money.

Annual Picnic At Westerdale July 11

A meeting of the Young Peoples' Club was held in the hall kitchen Monday evening with ten members present. It was decided to hold the annual picnic on July 11, and have the dance on Friday, July 13.

The sports committee, Mr. W. Herbert and Mr. D. Landen, is in charge of arranging sports for the day.

The Ladies' Club has been asked to take charge of ordinary supplies and work in the stand.

Mr. R. Jackson, the secretary, was instructed to purchase 15 gallons of green shingle paint for the hall roof.

A report was given by Mr. W. Herbert on the cost of erecting a curling rink.

A motion was passed that a dance be held in the hall on June 15, if an orchestra is available.

The next meeting will be held on July 2.

Mr. and Mrs. S. Bothers and Pauline and Mr. and Mrs. E. Luck, all of Edmonton, were overnight visitors at the home of Mr. and Mrs. R. Jackson on Saturday evening.

Mr. and Mrs. W. Herbert and Mr. Ben Kershaw motored to Lacombe last Monday to attend the Aberdeen-Angus bull sale. Also attending the sale were Mr. F. Moore and brother Howard and Mr. and Mrs. J. J. Jackson.

Mr. Bill Wigley was an overnight visitor at the home of his grandparents, Mr. and Mrs. L. Jackson, on Monday night, on his return trip to Joseph's Lakes.

Mr. and Mrs. A. Koch and daughter, Mrs. A. Koch, were Sunday visitors at the home of Mr. and Mrs. A. Jones. Mr. and Mrs. L. Gotsdall and children of Drumheller and Mr. Stan Hunt of Calgary were also weekend visitors at the A. Jones home.

Mr. and Mrs. W. Wigley motored last Monday to attend the Aberdeen-Angus bull sale.

Neighbors helped dig out five coyote pups Saturday evening on the farm of Mr. H. H. Jackson.

Mr. A. Jones reports one of his calves missing and fears that coyotes may have devoured it.

Mr. and Mrs. D. Herbert and family visited at the home of Mr. and Mrs. Fye of Penhold on Sunday.

DIDSBURY HOSPITAL BIRTHS

Born at the Didsbury Municipal Hospital to Mr. and Mrs. Chas. McDonald on Wednesday, May 30, a girl.

To Mr. and Mrs. Geo. R. Shaw of Carstairs on Friday, June 1, a girl.

To Mr. and Mrs. A. T. Day of Carstairs on Friday, June 1, a boy.

To Mr. and Mrs. Hugh Devolin on Saturday, June 2, a girl.

To Mr. and Mrs. Billard Tighe on Monday, June 4, a girl.

To Mr. and Mrs. Walter Peterman on Monday, June 4, a girl.

EAST CARSTAIRS FESTIVAL

The festival of the East Carstairs section of the Olds School Division, held on May 23, was a complete success. Judging from the attendance and participation this festival is doing the job intended, to raise the standard and interest in music in the community.

It is regretted that not all the schools in the sub-division took part, but it is hoped that next year they will contribute.

ENGAGEMENT ANNOUNCEMENT

Mr. and Mrs. P. A. Wardrop wish to announce the engagement of their daughter, Jane Mildred, to Mr. Robert J. Littleton, eldest son of Mr. and Mrs. J. O. Littleton of Grande Prairie. The marriage will take place at 3 p.m. on June 23rd at Central United Church, Calgary.

WESTCOTT ITEMS

Mrs. E. Korschuh, the Westcott teacher, has been on the sick list the last few days.
Miss Deloyce Goetjen has accepted a job for the summer months at Crystal Dairy, Calgary.

Farmers are having quite a time to finish up seeding operations in this district with moisture falling nearly every day. Warmer weather is needed now to speed up growth, as there is moisture enough for the present.

Mr. and Mrs. Herbert Goetjen Marjorie and Elaine, and Mr. Ralph Buck spent Sunday afternoon in Red Deer.

Mr. and Mrs. W. Weidner entertained Mrs. Weidner's folks from Calgary on Sunday last.
We parents were especially proud to have the honor of being invited to the Didsbury High School Formal Dance at Melvin on Friday night.

The music was very good, the hall beautifully decorated and all conducted themselves honorably.
Mr. Wesley Papke is attending Sundre Stampede this week and is helping the stampede committee.
Mr. and Mrs. Clarence Rinehart attended the funeral of Mrs. Lake Parsons at Cremona on Friday afternoon last.

BRITAIN PAYS MORE FOR NEW ZEALAND BUTTER, CHEESE

The British Government has agreed to the first seven and one half per cent increase for first grade New Zealand butter for the 1950-51 season, and a proportionate adjustment in the cheese prices. There is to be no increase in the prices for second grade or whole butter, or for second grade cheese.

Letter To The Editor

Dear Sir:
I would like you to publish a few words about the streets of Didsbury.
Residents of Didsbury and district, don't you think it is time that something was done about Didsbury's streets?
If the town council hasn't the wherewithal to do the job what is wrong with a donation of a few dollars by each owner of a motor vehicle. This should bring in quite a large sum.
Most of the trucks, I expect, would do the hauling of material if given gas and oil.
Also, a place should be provided for those who have trucks larger than one-half ton so that they do not have to park on the streets.
Hoping there are others interested in the betterment of Didsbury's streets.

R. HAMPER

35 COMPETITORS SHARE IN \$15,000 PRIZE MONEY

A record 35 competitors will share in the \$15,000 prize money for this year's Canadian Open Golf Championship, and the Seagram Gold Cup, the Royal Canadian Golf Association announced today. Formerly, the first twenty finishers shared in awards totalling \$10,000.

Winner of the event, set for Toronto Mississauga July 3-7, will pull down \$2,250, plus the Seagram Gold Cup for a year and a replica

as a permanent possession. This makes top money \$250 higher than it was a year ago. Second place money remains unchanged at \$1,400, and third money is worth \$1,200 instead of an even \$1,000. The prize money drops \$100 per position from third spot to the \$600 going to the ninth-place finisher.

The scale of prizes are based on the standard for a \$15,000 tournament set by the Professional Golfers Association of America. Canada moves up to the \$15,000 class for the first time this year as a result

of a new seven-year agreement between the R.C.G.A. and the House of Seagram.

Tenth place money from now on will be \$520, with \$440 for eleventh spot, \$360 for twelfth, \$310 for thirteenth, \$270 for fourteenth and \$250 for fifteenth. The next twenty prizes drop \$10 per position down to \$50 for thirty-fifth spot. Under the new set-up, the man who finishes tenth this year, for example will collect almost as much as the man who wound up fifth when the Open was a \$10,000 tournament.

R.C.G.A. officials are confident that, although the increase in prize money will attract many additional stars from the U.S. money circuit, Canadian pros stand to gain most from the new prize list. A Canadian hasn't won this country's top golfing honors since the Seagram Gold Cup and its heavy prize money came into the picture in 1936, but the list of finishers from third place to thirty-fifth is generally heavily studded with Canadian names.

The Canadian Open usually attracts upwards of 200 entries, but this year a pre-tournament qualifying round July 3 will limit the field of the actual Open to 150. That number is cut to 100 on Friday, July 6, and to 60 for the final day.

BEEF OUTLOOK

If the population of Canada continues to increase at its current rate, and eats beef at today's pace, by 1960 this country will require two billion pounds of meat, according to

Hon. David Ure, Alberta Minister of Agriculture. If half of this amount were beef, he said, it would call for 197,000 more butcher steers of 1,000 pounds. Last year Canada's total cattle marketings amounted to 1,860,000 head, so this would mean an increase of about 10 per cent in marketings.

The minister said the price outlook for the cattle industry is bright because meat consumption is increasing, and the numbers of cattle declining steadily during the last five years.

Serve Canada in the "Front Lines of Freedom"

WITH THE EXPANDING CANADIAN ARMY NOW BEING RAISED EMBODYING FAMOUS REGIMENTS OF THE RESERVE FORCE

Famous Reserve Force Units from all parts of Canada will be represented in the 27th Canadian Infantry Brigade Group. Companies, batteries, squadrons or troops, are being raised by the following Reserve Force

Units in your area:

The King's Own Calgary Regiment, Royal Canadian Armoured Corps Calgary, Alta.

The Fort Garry Horse, Royal Canadian Armoured Corps Winnipeg, Man.

39th Field Regiment, Royal Canadian Artillery Winnipeg, Man.

The Loyal Edmonton Regiment Edmonton, Alta.

6th Field Engineer Regiment, Royal Canadian Engineers Winnipeg, Man.

33rd Field Park Squadron, Royal Canadian Engineers Lethbridge, Alta.

The Royal Winnipeg Rifles Winnipeg, Man.

The Regina Rifle Regiment Regina, Sask.

SIGNALS:

Men from training regiments and squadrons of all Commands.

RCME:

Men from technical regiments and squadrons of all Commands.

SERVICE CORPS:

Men from RCASC units of all Commands.

DENTAL CORPS:

Men from RCDC units of all Commands.

Each Armoured and Infantry unit designated will retain its name and insignia in this new Active Force Brigade Group

MEN ARE WANTED NOW!

ENROLLMENT STANDARDS:

To enlist you must:

1. Volunteer to serve anywhere.
2. Be a Canadian citizen or other British subject.
3. Be 17 to 40 (Tradesmen to 45).
4. Meet Army requirements.
5. Married men will be accepted.

TERMS OF ENGAGEMENT:

You will be enrolled in the Canadian Army Active Force for a period of three years.

All men are eligible for Overseas Service. If the military situation permits, married men after one year's Service Overseas, single men after two years' Service Overseas, may request discharge even if they have not completed full three years' service.

CONDITIONS OF SERVICE:

Current rates of pay and allowances. Serve for 3 years or make it a career.

VETERANS' BENEFITS:

Reinstatement in civil employment, Unemployment Insurance and other appropriate benefits under Veterans' Charter as extended by Parliament.

MBN:

Retention of present Reserve Force rank or the rank held in Second World War, subject to proving qualifications in service within a 90-day period.

OFFICERS:

Short Service Commissions will be granted to officers who do not wish to enroll in the Active Force on a Career basis. Further information should be obtained from your own unit or the nearest Army Personnel Depot.

APPLY TO:-Any unit listed above, or the nearest Recruiting Depot:

- No. 8 Personnel Depot, Fort Osborne Barracks, WINNIPEG, Man.
No. 9 Personnel Depot, National Defence Bldg., Winnipeg & Eighth Ave., REGINA, Sask.
No. 10 Personnel Depot, Currie Barracks, CALGARY, Alta.
Headquarters, Western Command, Kingsway Ave., EDMONTON, Alta.

NATURAL GAS FOR DIDSBURY

With the discovery of gas and oil east of Didsbury comes the possibility of natural gas for heating and cooking for the towns between Calgary and Red Deer in the near future.

The Canadian Western Natural Gas Co. has long had visions of connecting its existing line between Calgary and Red Deer, and officials are now getting ready to make a survey of potential users and amount of gas required. Other companies are also interested in the market for gas in these towns and if competition is the back-bone of industry, then there should be some immediate results.

It has been suggested that a rate of 50 cents per 1,000 cubic feet of gas would be an equitable basis for discussion and consideration when applying for a gas franchise in the various towns. To us this seems too high a rate to pay for a product at our door-step.

When the proposed gas pipe lines to the Western States were in the news a few months ago a suggested rate of around 30 cents per 1,000 cubic feet of gas was the basis of calculation, with this figure less in some cases. If users at the Pacific Coast can be supplied with gas at 30 cents per 1,000 cubic feet or less, then consumers in the towns between Calgary and Red Deer should expect an equal if not lower rate.

DON'T COMPLAIN LATER

It is to be wondered how many Canadians have any real idea of how much everything which they buy is the result of taxes.

It is not a very popular idea to complain about taxes, for some reason, although they amount, in one way or another, to at least one-quarter of all the earnings of all the people in Canada.

It is much easier to get people to complain about high wages, or high profits, or some other factor in the price of goods—except taxation.

This is a good time to remind Canadians that the cost of what they buy always includes a lot of taxation, for it is going to include a lot more taxation if the present plan is adopted of amending the Constitution, so that the Provincial Governments can levy a hidden Sales Tax, up to three per cent.

This is supposed to be for the purpose of financing old age pensions, to be paid by the Provinces to those in need, up to the age of seventy. Of course, no one reminds the public that the Province of Quebec has said that since it now levies various Sales Taxes, it would not use this plan, or that the Province of Nova Scotia says that it does not need this three per cent, or that the Provinces of British Columbia and New Brunswick say that three per cent would not be enough, or that the Province of Alberta, with its enormous revenues at present, does not require this additional source.

Meanwhile, if this amendment goes through, in those Provinces in which the Governments feel that they need this three per cent additional the price of goods will be raised by three per cent.

Now, if this were done by marking plainly on the face of every invoice that an old age pension tax of three per cent was being included, then there could be no complaint. The public would know that they were paying this tax.

There would also be no need for a Constitutional amendment. Provincial Governments can charge open and visible Sales Tax of that kind now.

All that is being done is to fix things so that Canadians will pay more taxes to the extent of three per cent of all the money which they spend, and will be able to forget that they are doing this because the tax will show on their invoices or sales slips.

When this tax goes into effect, up goes the cost of living. It may be the desire of the Canadian people to accept this increased cost of living in view of the purpose of the tax. The important thing is that the Canadian public should not then complain because the cost of living has increased, or let themselves be kidded into joining associations to protest against high wages or high profits simply because an increased tax has increased the cost of living.

If you or any other Canadian has any intention of protesting against the increase in the cost of living which this tax will bring, now is the time to complain.

Notes from the D.A.

(Hugh McPhail)

CALFHOOD VACCINATION IN BANGS-FREE HERDS

Already this spring several cattlemen in Alberta have reported abortion storms in their herds with a resulting loss of at least 50 per cent or more of the calf crop. This will mean a decrease in income to these men in a year or so of hundreds of thousands of dollars. In one case the decrease in income will be close to \$5,000.

If calfhood vaccination had been started four or five years ago to build up Bang's resistance in these herds this heavy loss could have been prevented. Now it is too late to prevent the loss of the calf crop. These cattlemen will have their calves vaccinated from now on to help clean up the herd. Naturally their neighbors with clean herds are also worried. They, too, wish that they had started calfhood vaccination a few years ago.

Cattlemen with herds free from Bang's disease should be taking active steps to prevent loss of calf crops in the years to come. Calfhood vaccination is urged in these cases to build up herds with resistance against the disease. It is the cheapest form of insurance available to cattlemen for protection of their incomes. Indifference to calfhood vaccination on the part of owners of clean herds is a mistake. The use of the vaccine will not cause the disease.

Every year more farmers in this district are having their heifer calves vaccinated.

WHEN PRICES GET TOO HIGH

A new substitute for wool will be on the market, soon. It's called Cupramma and is said to look like feel, and wear like wool, but costs only a fraction as much.

In the last eighteen months the price of wool has shot to record heights. Naturally there was a new scramble for substitutes and someone remembered Cupramma, a new synthetic product originated in Germany.

Wool producers may not welcome this development, but consumers will certainly cheer, even if they never have to use it. It gets them out of the tight place where it is "take this, or do without."

Since the world began innumerable attempts have been made to corner the market for some product or service, or hold out for higher and higher prices. But in the end they all fail and they will again continue to fail to do so long as we continue to encourage initiative, enterprise and honest competition.

AGRICULTURAL PRODUCTION

Farm production value figures today are almost astronomical as compared to pre-war. R. E. English, Statistician, Alberta Department of Agriculture, points out that although the physical volume of agricultural production in Alberta for 1949 was only slightly higher (101 per cent) than average production for the years 1935-39 inclusive, the money value per unit of production increased about three times. The gross value of agricultural production was \$49,177,000 in 1949 as compared to an average of \$165,439,000 for the years 1935 to 1939.

The year 1949 was used in the above comparison because farm production that year equalled the average of pre-war. Actually, the average physical volume of agricultural production increased during the forties. Farmers increased their production efforts and they were favored with some good crop years. For the years 1940 to 1949 inclusive, the physical volume of production increased one-third over the previous five years; for 1945-49 the increase was smaller, being only 11 per cent above pre-war.

ADVANCE COMPULSORY TESTS OF CARS AND TRUCKS

Compulsory inspection of motor vehicles in Alberta will take effect on July 1 under the provisions of legislation passed at the recent session of the Alberta house.

As a first step in the preliminary organization, the provincial government will appoint garages in Alberta to carry out the official annual inspections and make official tests of brakes and lights, according to information received by the Alberta Motor Association.

Proprietors of all garages properly equipped to make the government specified tests may make application for these appointments. The applications are to be submitted to E. R. Hughes, deputy provincial treasurer.

Alberta's action in making compulsory to carry out tests of motor vehicles is regarded as a major step in the interests of safety on the highways.

Motor club officials have endorsed the scheme, while pointing out that it is necessary to have proper tests made if they are to be something worth while. In this way, the general objective of safety will be realized.

BAD GUESSES ON PRICES

Many farmers are becoming quite anxious as the new season draws on them that they are suffering losses on the price of wheat under the International Wheat Agreement. The maximum price under the Agreement for No. 1 Nor. Fort Wheat is \$1.91, whereas the world price for free wheat or Class 2 Canadian wheat is \$2.29½, a loss of 38 cents a bushel which may continue for another 2½ years of the agreement. Farmers are noting, too, that Eastern Canadian wheat growers are not subject to the International Wheat Agreement and that today Eastern Canadian farmers are receiving at their country points for their quite inferior Eastern wheat 34 cents a bushel more than prairie farmers can possibly receive with both their present initial and final payments under the International Wheat Agreement. Many are wondering why prairie farmers alone must subsidize all the people of the world with cheap wheat, and that Ontario farmers are freed from this obligation. The truth is that this is all the result of the bad guesses made by those who are responsible for the British-Canadian Wheat Agreement and the International Wheat Agreement. Will all such guesses for the future prices always be bad, always in the interests of the consumers and never in the interests of producers?—The World of Wheat.

DEHORN YOUR CATTLE

Horns on purebred cattle may add to the appearance of certain breeds and in some cases denote breed character and quality, but horns on commercial cattle serve no good purpose and should be eliminated wherever possible. The best time to dehorn is when the animals are young.

W. H. T. Mead, livestock commissioner of the Alberta Department of Agriculture, points out that the producer selling a horned animal is losing not only the dollar assessed as horn penalty, but he is losing considerably more than that as a result of other losses that apply to the industry as a whole. These include losses due to bruising, downers and death during shipment, and losses in feedlots by horned cattle creating a continuous disturbance. Most important of all is that buyers generally pay less for horned cattle to cover the risks involved in shipping such cattle.

Some feeders will not even bid on horned cattle unless they can be bought at a bargain price. It is definitely erroneous to believe that the only penalty against horned cattle is the one dollar deduction established by the Horned Cattle Act.

All farm calves should be dehorned at an early age, says Mr. Mead. This can be done easily and effectively as follows: Before ten days of age, by using dehorning paste; up to three months, by the use of dehorning spoon or gouger; from three to six or seven months, by a Barnes type dehorner; and from seven months to two years, by the large Keystone type dehorner. Older cattle should be dehorned with a saw to avoid crushing after the horn becomes brittle.

Dehorning equipment is available on loan from every District Agriculturist's office in Alberta. If you are not now dehorning, your local District Agriculturist can assist you in establishing a dehorning program.

BUILDING BOOM

The first four months of 1951 made Canadian Construction history.

At a time when all factors indicated likelihood of a substantial decline, contract awards reached the unprecedented height of \$603.9 millions, an increase of 95% over the first four months of 1950, and 3% more than the total for the first six months of the same year.

This in the face of the government efforts to pressure construction into channels directly or indirectly related to defense production.

Rattlesnakes seldom bite a person above the knee.

**Kill
Weeds
With
HERBATE 2,4-D**

Prairie farmers report increased yields of 4 to 6 bushels per acre by killing out weeds with HERBATE 2,4-D. Yet as little as 10¢ worth of HERBATE 2,4-D is enough to treat an acre . . . an average cost of only 7¢ to 10¢ per acre bushel.

HERBATE 2,4-D
makes weed control easy and economical
Because of HERBATE's high 2,4-D Acid content, as little as 3¢ to 5¢ of a pint per acre assures effective, low-cost weed control. HERBATE 2,4-D kills sensitive weeds outright, keeps even tough ones under control. HERBATE 2,4-D helps to conserve moisture, increases yields, reduces damage.

HERBATE 2,4-D
A product of Canada's largest manufacturer of chemicals

HERBATE 2,4-D is a product of the Agricultural Chemicals Division of CANADIAN INDUSTRIES LIMITED, Canada's largest manufacturer of chemicals and longest-established leader in modern pest control products.

Buy a brand you can depend on. Ask for HERBATE 2,4-D.

APPLY TO MUNICIPAL COUNCIL
FOR COYOTE CONTROL POISONS

Several enquiries have been received by the Field Crops Branch from farmers requesting coyote getters. A. M. Wilson, Field Crops Commissioner, advised that enquiries of this kind should be made to the local municipal office, or in an improvement district to the inspector for the Department of Municipal Affairs or the district agriculturist. As far as the coyote control policy is concerned, the Field Crops Branch will assist municipal authorities to organize the program but is unable to deal with individual farmers.

While the Department of Agriculture is anxious to assist to the fullest extent, the extremely poisonous nature of coyote control materials must be kept in mind. It must be realized that safe handling of these materials depends on careful training. To this end, the Department undertakes to train pest control officers appointed by local authorities and to provide equipment for their use.

Agricultural

BOARD
NOTES
W.K. Snyder,
Field Supervisor

WHY USE FERTILIZER?

The use of suitable fertilizers increases yields and hastens maturity as well as aiding in controlling weeds. Under many conditions they will increase materially the quality of crops. The use of farm manure, clovers and commercial fertilizers must be considered part of the plan to maintain and improve soil fertility. Using the correct type at the proper rate is also important. There are several different preparations offered for sale. Most commonly used in this district is 11-18. Some people who have gray wooded soil use 16-20. In addition to these we have 9-27-9, 10-20-10 and others. The figures printed on the bag indicate a guaranteed analysis of the product and means simply that 11-18 contains 11 per cent nitrogen and 18 per cent phosphate; 10-20-10 means 10 per cent nitrogen, 20 per cent phosphate and 10 per cent potash. The first figure always means nitrogen, the second phosphate and the third potash. Soil that has a deficiency of phosphate will produce hay or grain lacking in this essential element. Cattle pastured under these conditions will not be as thrifty as they should be. Frequently stock prefer fertilized crops due to their greater palatability. One ton of fertilizer crop will often put more pounds gain on animals than will be put on them by the same amount of unfertilized feed from the same field.

Fertility levels can only be maintained by the proper application of fertilizer in one form or another.

TANGLED

The editor of MacLean's magazine, in the last issue of that publication, makes this comment: "Jimmy Gardiner's recent hand-out to the Canadian wheat farmer was an almost perfect example of government minority. The vast majority of Canadian taxpayers, many of them staggering to the end of another fiscal year with personal fortunes not much in excess of 65 cents, felt no urge whatever to contribute 65 million dollars on the relatively well-to-do grain growers. To most of this was one form of public expenditure which could not be justified either by humanity or by common sense."

The Financial Post, printed by the same corporation which publishes MacLean's magazine, in its issue of May 5th, says the government policy of marketing wheat through the Wheat Board is resulting in disaster and the wheat producing farmers are the sufferers.

These people should get together. One of them says the grain growers are relatively well-to-do, and the other intimates that they are being ruined through the operations of the Wheat Board.

POST OFFICE BREAKS EVEN

"The U.S. Post Office operates at an annual deficit of \$500,000,000; in contrast Canada's Post Office breaks nearly even—and gets criticized for economy measures."—Deputy Postmaster General Walter Turnbull.

CHRISTIAN SCIENCE

If God is All-in-all, as the Bible implies, can there be another creator or another creation? Christian Science churches Sunday will hear this question discussed under the heading "God the Only Cause and Creator." The Lesson-Sermon contains these passages: "I am the Lord, and there is none else, there is no God beside me: I girded thee, though thou hast not known me" (Isaiah 45:5) "God, Spirit, alone created all, and called it good. Therefore evil, being contrary to good, is unreal, and cannot be the product of God." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 339).

C. F. Nicholl Says
Banking Career
Offers Opportunity

"What will Junior do when he finishes 'High School'?" is a question that concerns many parents these days. It's an important one, and calls for serious thought on the part of Junior as well as Mother and Dad.

Fortunately, the young man or woman looking doesn't have to go far for counsel. Keeping an eye open for recruits is a responsibility of many wide-awake business and professional men, and Mr. Nicholl, Manager of the Didsbury Branch of The Royal Bank of Canada, is no exception. Mr. Nicholl joined the "Royal" 40 years ago at Weymouth, N.S., and throughout his career has had ample opportunity to study banking at first hand as a field for young Canadians.

"I'm always glad to talk over my profession with young people," said Mr. Nicholl in an interview with the Didsbury Pioneer. "Naturally, I have a selfish motive for the Royal Bank is constantly on the look-out for promising recruits, and it's part of my job to help find them. It's a pleasant task, too, because banking today offers many advantages to young people.

"First, of course, there's the stability of employment. Banking has its ups and downs like most businesses, but they are not extreme, and the level of employment is remarkably steady. Pay, too, is good—far better than it used to be—and compares favorably with that offered by other leading businesses and professions. Work-hours per week are often less, and every effort is made to see that employees get away promptly when the day's work is done. Our bank offers many employee benefits—life insurance with disability benefits, sickness and accident insurance, a pension plan, holidays with pay—two weeks in summer, or three weeks in winter if you prefer—sick leave—and many other attractive features.

"As to the future, the Royal Bank keeps close tab on employees who show aptitudes and a willingness to accept responsibility, so that when openings for higher positions occur, they are given the opportunity of filling them. Promotion is always made from within. All our senior officers, including our President and General Manager, started as young Juniors, and, through their own efforts and ability, worked their way up.

"Banking is an interesting business, too, with a great deal of variety. It brings you into contact with many people under all kinds of circumstances. Bankers get around, or course; and one of the important parts of our training is the opportunity to work in branches in different parts of the country. Then, too, there are a number of interesting "specialists" jobs at our Main Branches. Supervisory points and at our Head Office. The foreign service of the bank offers excellent opportunities to those who wish to make a career of international banking. These opportunities exist for young men of courage who have the background and preparation required to qualify for important posts in our foreign network of branches.

"A career in banking," concluded Mr. Nicholl, "offers as good, if not better opportunities than almost any other type of business. It's not all easy going, especially during the first few years, but for the young person who's willing to apply himself and has the determination to get ahead, it offers a bright future."

TO BRING TOURISTS

Special events to bring tourists are all right in their place, and as continuous annual events, but for the long pull, Canada should stick to the fundamentals of honest dealings and good accommodation. These, combined with Canada's other assets in the way of unspoiled vacation lands, scenery, and the Canadian atmosphere, is properly

"sold" will build up our tourist trade. Special events of particular local or seasonal significance find favor with some of the tourist experts; others claim that the U.S. visitor in particular wants to get away from the "carnival" atmosphere. "The best possible advertising is the good report of a visitor on his return home."

FEDERATION OF AGRICULTURE
SPONSORS FARM BROADCAST

Commencing June 4th the Alberta Federation of Agriculture will be on the air with a ten minute radio program. The broadcast will be heard over CFCN Calgary at 12:00 noon and over CFRN Edmonton at 12:20 p.m.

The object of this program is to discuss with farmers current developments relating to Agriculture: to give information on farm organization activities and other news items of interest and importance to the farmer and his farming activities.

The Federation directors have, for some time, realized that the farm people of Alberta need and

desire just such a program. The annual meeting of the Federation held in Calgary last December, authorized the directors to explore the possibility of implementing a farm radio program if it was considered feasible, that it be carried over five stations, to give a province wide coverage. The directors in carrying out this mandate have found it necessary to limit the program at least for the present, to the two stations mentioned.

In sponsoring this farm broadcast the Federation believes it can be of real service to the farm people of this province. As a general policy the program will be designed to be constructive in nature by providing facts in relation to farm marketing problems and all other questions

relating to agriculture, and the welfare of farm people. Keep this in mind the program will go on the air under the title of "On The Farm Front."

The proposal that the BNA Act be amended to permit the provinces to levy indirect taxes, should be dropped, declares the Financial Post. "The Fathers of Confederation knew what they were doing when they limited to the federal authority the right to levy indirect taxation."

In the hands of the 10 provincial governments the power of indirect taxation could become very dangerous indeed. It could easily be used to discriminate against the products of a neighboring country.

Housing For Older People

(By Nora L. Marshall)

"Why all this emphasis on old age?" I was asked recently by a young man, who like many others of his age group, is in his present and insecure world.

As we are greatly aware, there is a great increase in the numbers of the aged population, presenting many new social problems, and we therefore have to do something about it. This has been indicated by the first conference of its kind held in Washington during the summer of 1950. At a recent conference on the rehabilitation of handicapped people, Eugene J. Taylor, of New York University medical school, stated, "Next to finding a way to live in peace, the greatest problem facing Canada and the U.S. is an aging population."

Following my article on Problems of Our Older Citizens, I received letters from readers of the Family Herald enquiring about various activities in our program for the aging. To attempt to answer these questions as best I could a week of observations and interviews was arranged for me by Mrs. Jean Good of the Toronto Welfare Council.

No plan of action in this field can be carried out in all communities. Each community's needs will suggest the type of activity. One community may find that recreation for the aged falls far short of what it should be; where another may see the necessity to investigate remunerative employment suitable for the physically fit aged who wish part or full time jobs, and a program of rehabilitation for the physically unfit. Another may feel its aged citizens should not be housed in large institutions where infirm and those physically able are all together—but that a better plan of housing should be considered—a plan such as those interested in the welfare of the aged are now studying, with suggested improvements.

Housing may not be the problem in our small town and rural communities—definitely not as large as in urban centres. For instance, Lambert Lodge in Toronto has at the moment around 600 guests with a waiting list of over 1000. Even some of our country homes for the aged are being pressed to house our rural people. Contrary to the belief of many rural people we have the same problem as the city, only to a lesser degree.

What to those interested in housing for the aged suggest? First, that where there are municipal institutions for the aged there should be a citizens' advisory committee. The Toronto Welfare Council, Division on Old Age, has sent a recommendation to this effect to various organizations throughout Ontario. One section of this recommendation states, "Non-profit homes for the aged have always had interested citizens on their boards of management."

HOUSEHOLD CONVENIENCES
IN URBAN HOMES

When the 1951 Census of Housing is taken in June this year questions will be asked of every fifth household to determine how well equipped with modern conveniences is the average Canadian city home.

Householders will be asked what kind of water supply they have, whether they have bathtubs or showers, what kind of lighting they have, whether or not they have refrigerators, and whether they use gas or electric for cooking. They will also be asked if the home is heated by a stove or by a furnace, and whether it has a washing machine, vacuum cleaner, telephone, radio, and automobile.

That these conveniences are looked upon as commonplace by city dwellers is explained, at least in part, by the results of the 1941 Census and a sample of the survey in 1949.

The Census of 1941 showed 96.5 per cent of the householders in urban areas were served with electricity, and a recent sample survey taken in 1949 showed that the figure of 99 per cent had been reached. Radios were in 88.6 per cent of the urban homes in 1941, and by 1949 less than five per cent lacked radios.

Telephones were in use in 49.7 per cent of the homes in 1941, 36.2 per cent had vacuum cleaners, 31.2 per cent had mechanical refrigerators, and 36.8 per cent had ice boxes.

The 1941 Census revealed that steam or hot water heat was used in 23.3 per cent of urban homes in that year, and hot air furnaces used in another 32.4 percent. Furnaces were used in 45.3 per cent of Canadian homes in June 1950 and 53.9 per cent depend mainly on heating and cooking stoves ranges. Private baths were used in 70 per cent of all urban homes.

STRAW RESEARCH

The University of Alberta has received a \$1200 grant to be used to study straw decomposition.

With combines in general use most of the straw is returned to the land. Under such conditions it is difficult to work the straw down sufficiently to get a good seed bed, particularly so when farmers are advised not to burn stubble.

Experiments are to determine whether the addition of chemicals will promote rapid decomposition of heavy stubble and combine straw in the field, and thus benefit succeeding crops.

MODERN FARMING
Depends Upon Power Equipment

The ability of Canadian farmers to "deliver the goods" is due in a very large degree to their skill and eagerness in adapting modern mechanized equipment to their operations.

Now more than ever before farmers are looking to machines to help them overcome the scarcity and high cost of farm labor, to get the work done quickly and at low operating cost, and to maintain and increase production.

Through continuous research and engineering Massey-Harris has developed new and improved tractors, combines and power machines, which prove helpful to users in establishing more efficient farm operation.

-: DISTRICT NEWS -:

MOUNTAIN VIEW

Mr. and Mrs. Charles Pratt and Marlene were Lacombe visitors on Thursday.

Mrs. Arthur Giebers and Mrs. Otto Bittner visited Wednesday afternoon with Mrs. Thomas Finlay.

Sunday visitors with Mr. and Mrs. Joe Hunter and boys were Mr. and Mrs. Harold Shells and children, Mr. and Mrs. Lawrence Hunter and Mr. and Mrs. Harold Swanson and family.

Miss Smith, Home Economist from Red Deer, gave a very instructive talk on buying of canned goods and fabrics, at the Mountain View Hall last Thursday.

Mr. and Mrs. Adrian Boettger and son of Edmonton visited with Mr. and Mrs. Grenville McCaig and girls from Tuesday to Friday.

Those attending the Achievement Day program in the memorial centre at the Red Deer Composite High School were Mrs. Otto Bittner, Ralph and Olwen, Mrs. Ed Stiles and Mrs. J. Worrall, Gordon Stiles and Margaret Atkinson, both pupils at the Composite High School, returned with them and spent the weekend at their respective homes in the district.

M.V.B.C. NEWS

The Deputation Trio, composed of G. Lyle Richardson, Myron Tweed and Orland Boettger, has returned. Their tour was very successful and they report no mishaps, not even a flat tire. Mr. Richardson has left for his home in Delaware preparatory to leaving for a ten weeks tour in the Scandinavian countries. He will be accompanied by Rev. Donald Taylor of Winfield, B.C.

A very fine Young Peoples' Rally was held in the United Missionary Church in Castor over the weekend. Mr. Harvey Burgess and wife graciously offered to take the group having part in the rally on Saturday. Miss Gladys Eby, Dean of Women of the College, was in charge of the program of the day. A splendid group met and those taking topics presented them in a very interesting fashion. Miss Eby remained to conduct three Prophetic Bible Studies in Castor and Markham on Sunday. Several of the College students also took part in singing and speaking.

Backing out of the school yard will soon be a thing of the past. A fine drive-way is being built around the back of the main school building. This will well gravelled and will certainly facilitate motoring for those coming in and out of the school yard.

This is the season of the year when the friends of the College are beginning to bring eggs for packing. We are hoping this year to put away at least 250 dozen eggs. We appreciate the contributions which are already beginning to come in.

The "Little Pony" tractor is also busy. This bit of equipment for the school has made possible many improvements which otherwise would have been difficult to do.

Cleaning the school is also a matter of import. What a job! Several ladies have offered to assist, and we are grateful! We do want the inside of the College as nice as the outside surroundings, and we believe it will be.

MELVIN NEWS

Gordon McNaughton and Lorne Chandler were among those attending the Lacombe bull sale last week. Gordon bought a third prize Angus heifer and Lorne purchased a purebred Shorthorn yearling heifer.

Allan Chandler of Sylvan Lake has been transferred to Virden, Manitoba. After spending the week end at the home of his parents he left Monday for his new job, travelling in convoy through the U.S.A.

Miss Marjory Chandler, nurse-in-training in Calgary, is spending her three weeks' vacation at her home here.

Mr. and Mrs. Jay Chandler and family of Airdrie spent the weekend at the Lloyd Chandler home.

Mr. and Mrs. L. Cooley and family of Oids were Sunday guests of Mr. and Mrs. Ross Youngs.

The W. I. meeting has been changed from its usual date to this Thursday, June 7, when the district home economist from Red Deer will be present at the Melvin hall. Four other institutes have been invited and we understand there will be two speakers from Red Deer.

Recent scheduled ball games have had to be cancelled on account of wet weather. Last Wednesday's game with Crossfield and the Sunday game with Airdrie will have to be played at a future date. Next games scheduled are Wednesday, June 6th, when Melvin plays at Cremona, and this Sunday when Crossfield plays at Melvin. A few printed ball schedules are available for interested fans—just ask Ross Youngs.

The Melvin Hall was well packed last Friday night when the Didsbury High School held the annual formal dance. Everyone reported a dandy time.

CREMONA NEWS

Miss Valletta Mailor of Lethbridge is visiting her parents west of Cremona.

C. H. Waterstreet, Guy Lalonde, Fay Stone and Dan Russell are on a camping trip 80 miles west of Cremona.

Mr. and Mrs. Guy Lalonde of Edmonton are visiting for a week with Mr. and Mrs. C. H. Waterstreet.

Sympathy of the district is extended to the family of Mrs. Lake Parsons who passed away May 29. Mr. and Mrs. Bernard Parsons of Rutland were in Cremona last week to attend the funeral of the former's mother. They were guests of Mrs. Parsons' parents, Mr. and Mrs. Garret Brown.

Mr. and Mrs. John Bernette of Kelowna were here last week to attend the funeral of Mrs. Parsons. Mr. and Mrs. D. McLaren and family of Field, B.C., were also in Cremona for the funeral.

The United Missionary Church Sunday School picnic was held Saturday in the trees south of Cremona. Rain cut the outdoor picnic short and the 25 children and parents returned to Cremona where they continued the picnic at the curling rink.

Mr. and Mrs. Hugh Pearce and family attended the golden wedding anniversary celebration held for the former's parents at Sundre on Sunday.

A crew of Calgary Power Company employees is working at Cremona. They expect to be here for about a month.

Miss Cleo Parkhurst is working at the Cafe while the power crew is here.

Last week's show was held Tuesday and Saturday nights because of the large crowds expected to attend.

EAST NOTES

The next Lone Pine W.I. meeting will be held at the home of Miss Merle Siebert on Wednesday, June 13, when the two delegates to the provincial convention will give reports.

Out-of-town guests at the Schumaker-Grizfeldt wedding, which was held at the Horse-Shoe Inn, were Mr. and Mrs. Grizfeldt, parents of the bride, Mr. and Mrs. Bob Grizfeldt and daughter; all of Strasburg, Sask., and a sister and her son of Indian Head. Mr. and Mrs. Alfie Thompson and Beverley, Miss Jessie McCulloch, Mr. and Mrs. Roy Gale, Mr. and Mrs. P. Schumaker, Joyce, Gloria and Stanley, all of Didsbury.

The Sunday ball game between Bancroft and Lone Pine was postponed on account of rain. There will be a game on Wednesday, June 6th, at 6:30 p.m. at Sunnyslope between Lone Pine and Sunnyslope, and also a game at Bancroft ball park between Hawkeye and Bancroft. On Sunday at 2:00 o'clock there will be a game between Lone Pine and Hawkeye at Lone Pine diamond, and at this time Bancroft will play at Sunnyslope.

Mrs. D. B. Wood has moved back to her "homestead" for a short time.

Mr. and Mrs. Sam Elliott and Joy visited relatives at High River last week.

There was a big crowd out at Jutland last Wednesday night for the show.

"It's an
Easier
Life!"
... with
**JOHN DEERE
Equipment**

Yes, farming today, the John Deere way, is easier than grandfathers ever thought possible. And, it's faster and better, too.

The consistent leadership of John Deere plows typifies the trail-blazing role John Deere equipment has played in mechanizing farming's muscle work. It was John Deere's steel plow that opened the sticky prairie soil to profitable farming in 1837. The introduction of the John Deere "Gripin Sulky" in 1875

lifted the pioneer farmer's weary legs out of the furrow... forever abolished the necessity of plodding behind a "walker." Today, plowing with John Deere plows is plowing at its best... and easiest, thanks to Truss-Frame design and hydraulic Power-Trol.

The full line of modern John Deere equipment is designed to make all farming operations easier and more profitable... farms more productive. Come in and discuss your needs with us.

JOHN DEERE AND AUSTIN DEALER PHONE 132 — DIDSBURY

JOHN DEERE... The Quality Name in Farm Equipment

New Resort Town For The Banff Area

The Lands and Forests Department of Alberta has announced that the province is to have a new resort town, one mile east of the eastern entrance to Banff National Park.

The announcement said the province is opening a new sub-division overlooking the Banff-Calgary highway. It will be named Harvie Heights to honor John Harvie, Deputy Minister who plans to retire this summer.

The community will have water from a spring and electricity and natural gas service. Applications for leases will be accepted June 9 at the Public Land Office, New Telephone Building, Calgary. Applicants must appear in person to participate in a draw for priority of applications to be held at 9:30 a.m. that day.

LEADERSHIP TRAINING SCHOOL IN CALGARY SATURDAY, JUNE 16

The Provincial Children's Work Board of the Religious Education Council of Alberta will hold a Leadership Training and Model Church School in Knox United Church, Calgary, on Saturday, June 16th, covering Junior, Primary and Beginner departments.

Children will assemble at 9:30 a.m. and a Church Vacation School will be held with experienced teachers in charge. In the afternoon addresses will be given on Biblical Backgrounds, Method of Song Teaching and Method of Story Telling, by those fully qualified in these subjects.

Teachers and leaders and all interested in the Christian Education of children are urged to attend. Arrangements were made to hold this School on a Saturday so that those in the vicinity of Calgary could be present.

LITTLE ITEMS OF LOCAL INTEREST

Jack Fleury of the R.C.A.F. arrived Thursday and is holidaying with his parents, Mr. and Mrs. J. Fleury of Didsbury.

Mr. and Mrs. Howard Halliday leave this week for Vancouver, B.C., where Mr. Halliday will attend a Shriner's convention.

—The Alter Society of St. Anthony's Church will hold a Lilac tea at the home of Mrs. W. Ross on Saturday, June 9, from 3 to 6 p.m. 25c

Mrs. George Law, Mrs. F. Abilgrim and Mrs. E. J. Roudieau are attending Grand Chapter O.E.S. being held in Edmonton this week.

Roy Prevost and Ford Mallet of Calgary visited with Bert Prevost on Friday and took part in the regular shoot of the Didsbury Gun Club.

Your attention is drawn to the notice in this issue concerning the sale of the lands in the Richhart Estate. This is the last time the notice will appear and if it is your intention to make an offer on these lands you should do so immediately so that your offer will receive full consideration.

Power users are reminded that Calgary Power Ltd. will shut off the power in Didsbury on Sunday, June 10 at 3:00 p.m. and it will be off for about 20 minutes.

Mrs. J. R. Field arrived last Wednesday from Venezuela, South America, and is visiting with her mother, Mrs. F. W. Leeson. This week Mrs. Leeson and Mrs. Field are visiting at Carlson with Mr. and Mrs. Carlton Leeson.

—There will be a dance in the Rugby Hall on Wednesday, July 4. Krebs Orchestra will furnish the music. 25c

Guests on Sunday at a delicious turkey dinner at the home of Mr. and Mrs. Herman Larsen were Mr. and Mrs. J. W. Rupp, Mr. P. Nuss, Marilyn, Reginald and Bobby, Mr. and Mrs. W. J. Scheidt, Adrienne and Walter, and Norman Neufeld.

Mrs. W. Spence returned home last Wednesday from Calgary after spending a week with her son-in-law and daughter, Mr. and Mrs. J. Caille, and family.

Mrs. Roger Barrett and daughter Dorothy, left last week on a motor trip to the West Coast.

The addition to the Builders' Hardware store in Didsbury is nearing completion and interior alterations are being proceeded with.

—A tea will be held in the Didsbury high school on Thursday, June 7, at 2:00 p.m. Admission 35c. A display of the year's work in shop and home economics, with parade of fashions and other special attractions. 22-2c

Heavy showers on Saturday were prevalent in many parts of the district and Sunday afternoon a general rain for several hours added to the moisture reserve in the land. Rain and snow fell intermittently on Monday and Tuesday and at present the late Tuesday afternoon it seems as though we are in for more rain or snow before it clears. Seeding is nearing completion and not much more is needed for the next three weeks to promote growth of grain and hay crops.

Miss Shirley Bieder spent the weekend visiting with Mr. and Mrs. Bob Hannah at Granger.

Mr. J. A. Campbell, who was visiting his son Ray and family prior to being admitted to the Didsbury hospital, passed away Saturday morning.

—Mr. Farmer! Don't fail to read the Midland & Pacific ad for savings in weed spray and feeds.

Mrs. A. J. Grams of Didsbury attended the 30th annual convention of the Northwest Canada Branch of the Evangelical United Brethren Church and the 15th session of the former Women's Missionary Society of the Evangelical Church, held at Regina, Sask., on May 25 to 27. Mrs. Grams, who is president of the organization, delivered a very inspiring address to the gathering.

Mrs. C. C. Aiden died at her home at Innisfail on Friday, June 1. The funeral was held Monday at Innisfail. A son, Charles, and two daughters, Mrs. Reb Stiles and Mrs. Phil Andrews, reside at Didsbury.

Mrs. H. Bopko left Friday for a four month holiday in Switzerland where she will visit with relatives and friends.

Walter Scheidt Jr. left Tuesday morning for Edmonton where he will attend the Farm Young Peoples' Week, which is being held at the University from June 5 to 14.

—Father's Day is June 17. Court's cards for the occasion, 5c to 25c, at Law's Drug Store.

Mrs. E. Matheson returned Saturday from Odessa, Texas, where she has spent the past seven months visiting with relatives. Mrs. Matheson reports an enjoyable holiday and she spent a pleasant winter in the mild climate.

—The Rugby W.I. will hold a Lilac Tea and Food Sale in the Massey Hargis showroom in Didsbury this Saturday, June 9. Coffee bar for the men. 1p

Rayden Fisher, who is employed by Polar Petroleum at Stettler, was home for the weekend.

Mr. and Mrs. J. V. Berscht attended the welcome given at Innisfail on Monday for the Royal Ethiopian party. There was a large crowd and the West of Innisfail presented the men of the party with "tengallon" hats. The names of those receiving the hats were printed on the hat bands in gold letters and Ole Deleils of Didsbury had the honor of doing the gold lettering. Mrs. West presented the ladies of the party with silk scarves.

Mr. and Mrs. P. Brownston, Mr. and Mrs. Richard Diggins, Mr. and Mrs. Robert Casement and little son Brian, and Mr. Laurence Heffernan, all of Calgary, were Sunday visitors at the Russell Fulkert home.

NAMED PRESIDENT

Mrs. Lora C. Rathvon of Boston, Mass., was named President of The Mother Church, The First Church of Christ, Scientist, in Boston, at its annual meeting on June 4.

Mrs. Rathvon, widow of William H. Rathvon, who was a member of the Christian Science Board of Directors and at one time corresponding secretary for Mary Baker Eddy, Discoverer and Founder of Christian Science, has been active in Christian Science for almost 40 years.

She participated in Christian Science Camp Welfare activities during two world wars, and has served The Mother Church in a number of special assignments, including membership on the Bible Lesson Committee.

NOTE TO CORRESPONDENTS

A number of "News Copy" envelopes, bearing one cent stamps are still being sent in. Will you please put on the extra one cent stamp to take care of the increased rate for third class mail, and "pray" that you will get a refund from the editor. Unless this is done valuable news may be held up in the past office for "insufficient postage" and thus greatly delay publication since much of the copy each week must be set in type Monday night to ensure publication of "The Pioneer" on schedule Wednesday morning.
